## *Commencement Commentary*

The procedure followed for the awarding of degrees at UNO and most other American universities is based on a practice developed at the University of Paris almost 800 years ago. In those days the Bishop of Paris, like every other bishop, was responsible for local educational curricula and degree-granting. His authority in these matters, however, soon came to be disputed by the teachers. They asserted that only they could be the proper judges of the qualifications of their students.

This threatened impasse was resolved by a compromise, under which the teachers, or masters, judged the merits of the students and then recommended them to the Bishop for their degrees. Today's ceremony includes a secularized version of that procedure. Each dean, as a representative of the faculty, certifies that the student candidates are qualified to receive their degrees. The President or other representative of the Board of Supervisors then awards the degrees.

*Academic Costumes*

The caps and gowns worn by graduates and faculty are based on costumes used in universities of the fourteenth and fifteenth centuries, particularly at Oxford and Cambridge in England. This academic dress has been used in the United States from colonial times and was standardized by an Intercollegiate Code in 1895. Like military of medieval times with its pages, squires, and knights, the academic world has long had three basic grades of dignity and achievement. These are undergraduates, bachelors, and masters (or doctors). The distinction between masters and doctors is comparatively recent; both imply the right to teach.

Black is the most common color for academic gowns. There is no trimming on the gowns for the bachelor's or master's degrees. For the doctoral degree, the gown is faced down the front with black or colored velvet and with three bars of the same across the sleeves. The color in the master's costume is restricted to the hood worn around the neck and down the back. This is lined with silk of a color which indicates the subject area of the degree received. Thus the master's hood from the University of New Orleans is black, lined in silver with a blue chevron and edged in white velvet for Arts, Letters, and Humanities, copper for Accounting, drab for Business, light blue for Education, orange for Engineering, brown for Fine Arts and Urban and Regional Planning, sage green for Health and Physical Education, pink for Music, dark blue for Philosophy, peacock blue for Public Administration, and golden yellow for Sciences.

Doctors have a larger and more open hood which, like the masters' hood, is lined with the colors of the degree-granting institution and trimmed with the color of the subject area of the degree received. As noted above, gowns have black or colored velvet on the sleeves and the front. A Doctor of Philosophy in Chemistry, for example, will have a black velvet-edged gown and a hood trimmed in golden yellow. Usually doctors will wear a gold tassel on their cap. In recent years, some universities have broken away from the traditional scheme and allowed their doctors to wear brighter, more original costumes; for instance, Yale's blue with black trim and Harvard's crimson and black.

Hoods are not worn by candidates for bachelor's degrees at UNO.

Candidates who are members of certain select honors societies have been granted official permission to wear specified emblems of their organizations. No other ornamentation is permitted.

*Academic Ceremonies*

Many factors — such as the nature of the institution, the size of the graduating class, the weather, and the place of ceremony (indoors or outdoors) — affect the details of academic ceremonies. Institutions have wide latitude in meeting these conditions, and consequently there is considerable variation in customs. At UNO the commencement procession is composed of representatives of the faculty and a platform party consisting of administrative officials, representatives of the Board of Supervisors, the commencement speaker, the person giving the benediction and invocation, and distinguished guests.

Degrees are conferred in descending order, with doctorates first and bachelor's degrees last.

The University of New Orleans, then LSUNO, conferred its first bachelor's degrees to 65 candidates at the Spring Commencement of 1962. Its first master's degrees were awarded to six graduate students in 1965 and the first doctoral degree in 1967.

*Adapted in part from *American Universities and Colleges*, 6th Edition, Washington; American Council on Education, 1971.

## *University Mace*

The University of New Orleans Mace is borne before the Platform Party as a symbol of authority in the Procession and Recession. The Platform Party is composed of the Chancellor, members of the Board of Supervisors, other University authorities, and distinguished guests.

The Mace was first presented on September 6, 1988 at the Academic Convocation commemorating the University's September 5, 1958 opening ceremony. Commissioned in January, 1988, the Mace was conceptualized by Professor Howard Jones, Chairman of the Department of Fine Arts, and refined and executed by Mr. Doug McCash, a graduate assistant working under the supervision of Professor Jones.

The Mace's bronze head is mounted on a mahogany shaft and has many levels if imagery. Subtle features of the artifact symbolize the composition, mission, and vitality of the University. Emblematic of authority, the Mace has the name and year of appointment of each of the University's Chancellor's engraved on separate bronze rings at the base of the shaft.

## *The Chancellor's Medallion*

Traditionally, a University's chief executive officer possesses a badge of office that he or she wears at convocations, commencements, or other ceremonial occasions. To honor that custom, the original Chancellor's Medallion was struck and presented on the occasion of the inauguration of Dr. Leon J.V. Richelle, UNO's second chancellor, in 1981. To date that medallion has been worn by all successors to that office. The UNO National Alumni Association began the tradition of presenting each Chancellor with his or her own medallion.

The sterling silver medallion features the University of New Orleans emblem encircled by two ribbons. The top ribbon bears the words *Chancellor's Medallion*; the bottom ribbon is engraved with the Chancellor's name and dates of service. Variations of this medallion may be struck on special occasion by the Chancellor to honor extraordinary and distinguished service to the University.

# *Academic Honors*

The University of New Orleans recognizes students who attain academic honors in three ways. A student may pursue the normal curriculum of a subject area and obtain honors by virtue of high grades. There are three designations in this category: *summa cum laude* (with the highest praise), requiring an overall grade-point average of 3.960-4.000; *magna cum laude* (with great praise), requiring an overall grade-point average of 3.860-3.959; and *cum laude* (with praise), requiring an average of 3.7659-3.859.

A student may also graduate with University Honors, which carries with it Honors in _____ (the particular field). This achievement requires the student to earn 30 honors credits through special courses and additional work in regular courses, maintain a grade-point average of at least 3.50 in the chosen subject area, with at least a 3.25 in all work taken, and write a senior honors thesis.

Or a student may follow the normal curriculum of a subject area, write a senior honors thesis, and graduate with Honors in _____ (the particular field). To achieve departmental honors, the student also maintains a grade-point average of at least 3.50 in the subject area, with 3.25 in all work taken.

We are pleased to recognize the following students as honors graduates at this commencement:
